

BIKEBAC

TRACKER

MANUAL

Model BBT2-A

Works with Android
Find Hub

Instructions:

Works with Find Hub

How to Connect:

1. Place the Bikebac Tracker next to your Android™ device.
2. Press the button on the back of the tracker.
3. A “half-sheet” popup will appear on your Android device.
4. Follow the on-screen instructions. A series of prompts will appear on your screen asking you to turn certain features on in case you haven’t enable them yet (e.g. Screen Lock, turning on Bluetooth and Location, installing the Find Hub app).
5. Your Bikebac Tracker is now connected and paired to your Google Account and you can start using it with the Find Hub app.

Specifications:

Product weight: 22g

Remove and immediately recycle or dispose of used batteries according to local regulations and keep away from children. Do NOT dispose of batteries in household trash or incinerate. Even used batteries may cause severe injury or death. Call a local poison control center for treatment information. Non-rechargeable batteries are not to be recharged. Do not force discharge, recharge, disassemble, heat above (manufacturer's specified temperature rating) or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.

Ensure the batteries are installed correctly according to polarity (+ and -). Do not mix old and new batteries, different brands or types of batteries, such as alkaline, carbon-zinc, or rechargeable batteries. Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations. Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.
